

CHUN SING TELLS OF GHASTLY CRIME

SAYS GIRL WAS STRANGLED BY LEON LING

Chinaman Confessed Under
Awful Examination of
the Police

CHUN GAY TELLS OF LOVE LETTERS FROM DEAD GIRL

Mission Worker Decrys Work
of American Women Among
Orientals

NEW YORK, June 22.—Breaking down under his terrible examination by the police, Chun Sing today confessed that he saw his roommate, Leon Ling, strangle Elsie Sigel to death with a handkerchief. He said he witnessed the murder through a keyhole in the room adjoining.

SING WAS CALM AT
INQUEST HELD TODAY
Calmly stating that he had many love letters from Elsie Sigel, Chun Gay, the Chinese witness, appeared at the inquest held over the dead girl today.

He declared he never had made love to Miss Sigel, or she to him in person, but that she wrote many love letters to him. He said both Elsie and her mother were on close terms with him, and frequently called at his restaurant. He said he is a Christian, but was not taught by Sigel. He went to school at Hacketstown, also at Columbia University. Chun Sing was held in \$1000 bonds to insure his further appearance.

DECRIES THE WORK OF WOMEN MISSIONARIES

Aroused by the murder of Elsie Sigel, the supposed victim of her Chinese lover, Leon Ling, Miss Helen F. Clark, for seventeen years director of the Clark Mission on Worth street, today decryed the work of American women missionaries in the Oriental quarter. She said: "More women missionaries have been degraded by Chinese men than Chinese men have been saved by women. The attraction of sex, not religion, predominates. Chinese men are very kind to women, and that probably accounts for white women living with them in preference to men of their own race."

ENSIGN STEELE HAS AN UNIQUE HONOR

Commands Smallest Fleet Ever
Representing the United
States Navy

PUGET SOUND NAVY YARD, June 22.—The distinction of commanding the smallest fleet ever representing the U. S. Navy has fallen to Ensign B. H. Steele of the cruiser Colorado. Steele's flagship is to be the torpedo boat "Manly," and two steam launches will complete the squadron. The three vessels will represent the United States at the Lake Champlain tercentenary ceremonies to be held at that lake July 5 to 9. The miniature squadron being assembled at Brooklyn navy yard will proceed up the Hudson to the lake.

CARTER IS GIVEN LIFE TERM IN SAN QUENTIN

SACRAMENTO, June 22.—Floyd V. Carter, who murdered his wife, Verna, in this city last January, was today sentenced to life imprisonment at San Quentin.

CAPT. FRIES IS REMOVED; FRANCHISES ARE DROPPED

LOS ANGELES, June 22.—The Herald this morning gives the following concise epitome of the situation at San Pedro:

History made last night and yesterday on the harbor and consolidation question:
Capt. Amos A. Fries is relieved from duty in charge of the Southern California district and will go to Washington as captain of a company of engineers returning from the Philippines. He will be succeeded August 10 at the Los Angeles office by Lieut. Charles T. Leeds.

The applications for franchises in the inner harbor before the San Pedro trustees were withdrawn by the applicants, the Bannings and the Southern Pacific, last night.

The indignation meeting at San Pedro gave a remarkable demonstration of the feeling at San Pedro favoring consolidation and its growth since the harbor franchises were asked; strong resolutions for a free harbor were unanimously passed.

Taxpayers of San Pedro filed a suit asking for injunctions calculated to stop harbor grab and leave a clear field for consolidation.

Mayor Alexander was given a tremendous ovation at the San Pedro meeting.

Final arrangements made by the Outer Harbor Dock and Wharf Company, controlling the Miner concessions in the outer harbor, permit the announcement by Lieut. R. H. Miner that the work there will be rushed to completion.

MRS. GOULD BRINGS SERVANTS IN COURT

They Contradict Stories of
Their Fellows as to Drink-
ing and Profanity

NEW YORK, June 22.—Contradicting the witnesses who swore that Mrs. Howard Gould drank heavily and used profanity, servants formerly employed at Castle Gould testified to the good character of their former mistress, when called to the witness stand in her suit for separate maintenance, today.

Many of the servants were called and testified that they were present on the occasions when other servants, now working for Howard Gould, said their mistress was drunk and profane. They testified today that their mistress was not drunk or profane.

William W. Linn, proprietor of the Carroll House at Lynchburg, W. Va., testified that he knew the plaintiff well, had dined with her, and that she had always behaved in a ladylike manner. Linn refuted the testimony of the negro waiter of the hotel who swore to certain meals alleged to have been delivered to Mrs. Gould.

WILL SEARCH FOR LONG LOST TREASURE SHIP

SAN FRANCISCO, June 22.—Another effort is being made to locate the sunken hull of the steamer Rio de Janeiro, which went to the bottom of the Golden Gate, with 121 persons and more than \$200,000 worth of treasure, on Washington's birthday, 1901. This time the search for the vessel will be made by the United States steamer Colonel Armstrong, which was brought here from the Atlantic coast to plant mines in the harbor.

It is thought the vessel has been carried by the undertow for a long distance, probably out to sea.

NEW PASTOR FOR PLYMOUTH

LONG BEACH, June 22.—Rev. Henry Kendall Booth has accepted the call to the Plymouth church and will begin his pastorate the first Sunday in July. He was born in Illinois and graduated from Hamilton College, New York. He took his divinity course at the Chicago Theological School, where he took several prizes in oratory, as he did while at Hamilton.

SECRETARY WILSON MAY RETIRE AT END OF YEAR

WASHINGTON, June 22.—It is rumored that James Wilson, of Iowa, Secretary of Agriculture, will retire from public life at the end of the year. No authoritative announcement has been made.

It is understood that the name of Charles E. Scott of Kansas, has been proposed as Secretary Wilson's successor.

FORD LEADS OCEAN TO OCEAN RACE

Badly Burned by Fire From
Carelessness of Bystander
But Still Going

NORTH YAKIMA, June 22.—With the rear badly scorched through the carelessness of a bystander in scratching a match on the Ford car No. 2, which is leading in the race from ocean-to-ocean, the machine is somewhere between Prosper and North Yakima.

No serious damage was done, but it is thought the car was delayed.

WIRELESS EQUIPMENT FOR ALL COAST VESSELS

LOS ANGELES, June 22.—New wireless telegraph equipment for all the Pacific Coast Steamship Company's vessels is being installed. With the new system all of the steamers will be in direct touch with the United Wireless Company's land stations, making the exchange of commercial aereograms both to and from the vessels at sea an easy matter. Heretofore all messages came via the government's stations.

REPORT READY FOR SPECIAL SESSION

Investigating Committee Ready
For Legislature; Senate May
Defy Governor's Call

OLYMPIA, June 22.—The report of the legislative investigation committee was completed today, and it will be ready for submission to the legislature when the special session convenes tomorrow. Governor Hay and the members of the special investigating committee refuse to discuss the report.

It is reported that the senate, which is adverse to the special session, may adjourn. If this is done the governor will call special sessions over the senate's adjourning until the business is transacted for which the legislature is called.

NOT PLEASED WITH THEIR NEW UNIFORMS

Los Angeles Examiner: Government forest rangers here received their new uniforms yesterday, and during the coming summer they will be seen in serge suits of light olive green. The men are dissatisfied with the uniform, claiming it is not suited to the work they are expected to do. After tramping through the brush, they declare that a new suit would be ruined, and that after a siege of fire fighting it would be unfit to wear.

ARBITRATORS SET \$3250 AS PRICE FOR IT

Mrs. Ellen Burdick's Property
Quickly Dealt With by
the Board

F. W. MANSUR WAS NAMED FIFTH MAN

Settlement With Smith Estate
Outside of Court is Not
Likely to Happen

Arbitration went through quickly and amicably yesterday evening in the consideration of the house and lot belonging to Mrs. Ellen Burdick on Tenth street. C. S. Forgy and Robert Cogburn, representing the high school, and A. H. Lyon and J. D. Thomas, representing Mrs. Burdick, got together, and the first name suggested as the fifth member was accepted by all four men. That fifth man was F. W. Mansur. He was suggested by C. S. Forgy.

The five arbitrators met after each had viewed the property. Each man placed what he believed was a fair valuation on the property. The figures ran from \$2800, which was the amount offered Mrs. Burdick by the school board, to \$3650, which was the amount asked by Mrs. Burdick. The average of the five prices was the price settled upon by the arbitrators.

It was announced that Mrs. Burdick would accept the compromise. No further steps have been taken toward a settlement with the Smith estate. There seems to be no likelihood of settlement with the estate except in court.

In his letter published yesterday, Carey R. Smith said that the name of F. W. Mansur was submitted to the first arbitration board, the one that broke up without selecting a fifth man, but the high school representatives have informed the school board that if Mr. Smith submitted Mr. Mansur's name to that first arbitration board the high school representatives did not hear of it.

SAN FRANCISCO, June 22.—Anticipating a long battle of affidavits before the second trial of Patrick Calhoun begins, Special Prosecutor Calhoun has departed for an automobile tour of the state. He did not announce his itinerary, but said he would keep in touch with the situation and return when a definite date was announced. He said:

"Calhoun does not want to go to trial to be vindicated. He is preparing a number of affidavits containing charges which he dare not make openly for fear of libel. You can charge a lot of things in affidavits, based on information and belief. Their fight now is to beat me for district attorney. We've got them on the run, and they will resort to desperate tactics. Watch them."

Henry is accompanied by his wife and his physician.

CORNER STONE LAID FOR REDLANDS UNIVERSITY

REDLANDS, June 22.—The cornerstone of the administration building, the first of the several structures planned for the University of Redlands, was laid yesterday by the Masonic Grand Lodge of California with the impressive ceremonies of the order.

Weather Forecast
Southern California: Fair and warmer tonight; fair Wednesday; light north wind.

—We don't dish the wheels in our tire setting department. Tight, but not too tight. J. C. Williams & Son, Orange.

CHINA AWAKENING TO NEW STRENGTH

IMMORTALITY RAMPANT IN COLLEGES, SAYS BISHOP

NEW YORK, June 22.—That rascality, immorality and disrespect of authority are rampant at Harvard, Princeton and Yale is the belief of Bishop James A. McFaul of Trenton, N. J. In an address before the graduating class of St. Francis Xavier, he condemned the desire of parents to squeeze children into society through great non-sectarian colleges. He said:

"Harvard, Yale and Princeton are undermining faith and teaching immorality. If Catholics who are sending their sons to these colleges knew the rascality and disrespect of mankind taught there, they would tear down the buildings. What should be done, is to send them to Catholic Schools where they will be taught the commandments and the fundamental principles of a true life."

TEDDY WAITS FOR THAT ELEPHANT

He Has Not Yet Killed—Kermit
Slays Biggest Lion Yet
Shot by the Party

(By Warrington Dawson, Staff Correspondent United Press.)
NAIVASHA, June 22.—Colonel Roosevelt has not yet satisfied his ambition to kill an elephant, according to reports brought in by a messenger today. All the members of the party are in fine health and are having good sport.

Kermit Roosevelt has achieved distinction by shooting the largest lion yet killed.

DOCTOR PARDONED TO DIE

SAN FRANCISCO, June 22.—After striving for freedom for nearly seven years, Dr. Ralph A. Huntington, who was sent to San Quentin for the murder of his sweetheart, has been pardoned. He is so hopelessly a victim of tuberculosis that the prison surgeons recommended his liberation.

Huntington, then a promising young physician, was arrested in 1900 for the murder of beautiful Jennie McKown.

GREAT DRAMATIC ATTEMPT TONIGHT

Maude Adams in Joan of Arc
—1300 Actors in Battle
Scene—Electric Cues

CAMBRIDGE, Mass., June 22.—Before twelve thousand people, including many of the nation's most distinguished men, Maud Adams as Joan of Arc will start tonight on the mightiest theatrical attempt ever staged in the United States.

Harvard's immense stadium has been prepared for the gigantic production at great expense. Thirteen hundred actors in a supposed battle scene, will be historically accurate. The stage is so great that the calls must be given by an elaborate system of electric signals.

EARTHQUAKE SHOCK WAS FELT HERE

A slight earthquake shock was felt here this morning at 4:57 o'clock. A number of people were awakened by the rattle of windows and the motion. Not the slightest damage was done.

Farr Died Here

Raymond Farr, a printer, aged 40, died last night at the Santa Ana hospital. For several months Farr had been in poor health, and wandered from shop to shop along the coast. Recently he came here from San Diego, where he was a member of the printers' union, which will pay the man's funeral expenses.

TWO SETS OF GOLD HUNGRY BANDITS

Five Masked Men Hold Up a
Train—No Loot—Two Others
Make \$5000 Haul

VANCOUVER, B. C., June 22.—The Canadian Pacific Express No. 97 bound for the coast was held up by five masked bandits at Ducks near Kamloops this morning. The men had evidently mistaken the train for No. 5, which was carrying a large quantity of silver to the coast. When their error was discovered they escaped in a boat on Sherswap Lake. A posse is pursuing. The bandits secured no loot.

SUCCESSFUL BANDITS SECURE THOUSANDS

GREENSBURG, Wis., June 22.—Two masked men held up Messenger Kade of the United States Express Company last night and secured \$5000. They escaped.

PRESERVING SHADE AND ALL OTHER TREES

Attention of Supervisors Called
to the Newly Enacted
State Law

State Forester Lull has called the attention of boards of supervisors throughout the state to the recent law passed by the legislature regarding preservation of shade and ornamental trees upon the roads and highways, grounds and property within the state of California. The act authorizes such boards to appoint county foresters, prescribing their duty and fixing their compensation. The act provides for the appointment and creation of county boards of forestry with authorization to such boards to appoint county foresters, prescribing their duty and fixing their compensation. The boards are given power to enforce all laws and adopt reasonable rules for the protection, planning, regulation, preservation and care of such shade and ornamental trees, hedges, lawns, shrubs and flowers that they might have jurisdiction over. State Forester Lull will aid all county boards that avail themselves of the new law.

FLOOD IN TUNNEL OF COLORADO RAILROAD

GRAND JUNCTION, Colo., June 22.—Traffic on the Denver & Rio Grande Railroad is blocked because of a flood at Tunnel station. The floor of the tunnel, which is a quarter of a mile long, is under a foot of water, and the tracks at other points are in danger of being washed away.

DAUGHTER IS BORN TO SPAIN'S ROYAL HOUSE

MADRID, June 22.—A daughter was born to the queen and king of Spain today at Lagrancia palace. Mother and child are reported as doing well.

BEGINS TO GIRD ON NATIONAL ARMOR

Will Call Her Citizens to En-
list in Army With Foreign
Teachers

OPENS SCHOOL FOR ARMY AND NAVAL INSTRUCTION

Nobles Will Furnish Hundred
Cadets and Others Will
Come From Ranks

TIENTSIN, June 22.—A definite move was made today toward the reorganization of the army and navy of China when land was purchased for the erection of the army and navy academies. A hundred members of the school of nobles will be entered as cadets, also students throughout the empire will be selected. Two hundred thousand men will be enlisted in the new army and navy and the cadets will be drilled by English and American officers.

TRIPLE STREET CAR COLLISION IN CITY

LOS ANGELES, June 22.—Fourteen persons were injured this afternoon at First and Spring streets in a triple street car collision. Many victims were taken to the hospital, and it is believed several were badly injured.

AMERICAN HORSE WINS LONDON, June 22.—Keene's Cor- onal won the Juvenile plate today, beating twenty-three starters.

CITY AND COMPANY AGREE TO TRUCE

Will Wait Judge's Return For
Decision on Telephone
Troubles

LOS ANGELES, June 22.—The attorneys representing the city of Pasadena and the Sunset Telephone system this morning agreed to let the matter of licensing the company's operations in Pasadena remain in statu-quo until the return of Judge Bordwell in a week, when the whole thing will be placed up to him for a decision. Each side agreed they would take no action until five days following the court's decision.

WOMAN BEATS FAMOUS RIDE OF ROOSEVELT

ROCHESTER, N. Y., June 22.—By a continuous horseback ride of more than 150 miles in about 18 hours, Mrs. Herbert Wadsworth of Aver yesterday beat the famous record of President Roosevelt when, accompanied by several army officers, he covered 120 miles in one day.

MISS COLLINGS' FUNERAL WEDNESDAY, JUNE 23, 2 P.M.

The funeral of Miss Lulu Collings will take place tomorrow at the family residence of Mr. and Mrs. J. S. Collings, 118 West Nineteenth street, at 2 o'clock p.m., instead of 2:30, as stated in a reading notice yesterday.

PROCEDURE BEGUN FOR PAVING ON BROADWAY

NEW LEASE IS GIVEN TO FUKUDA

Health Officer and City Attorney Think Way Clear for Garbage Ordinance

GUTTER REMONSTRANCE IS LAID ON TABLE

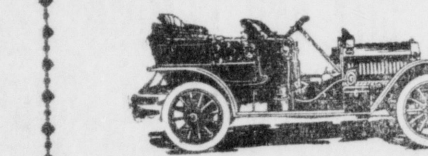

Oil Ordered for Use on Streets—Spur Franchise Goes Over

The city trustees did a number of things last night. It authorized a new lease on the sewer farm, covering the period of time, Jan. 1, 1908, to Jan. 1, 1911, to Sai Fukuda. It started proceedings looking to the paving of Broadway between Fifth and Hickey streets. It got in sight of an ordinance regulating the taking away of garbage and rubbish. The remonstrance against guttering on South Main street was laid on the table, and it would now seem certain that the property owners will bring the injunction suit aimed to stop the proposed work. The behavior of the railroads at the Fourth street crossings was up for comment. These matters, and others, came up during

"Twist Optimist and Pessimist, The difference is small. The Optimist sees the doughnut, The Pessimist sees the hole."

Some would say the best way to turn an optimist into a pessimist would be to feed him the doughnuts, and this would be true if the doughnuts are fried in lard. Lard is certainly indigestible and many people are deprived of the pleasure of eating doughnuts and other dainties just because of this fact. However, there is a cooking fat—COTTOLENE—which can be used in any way and every way that lard can, and yet makes light, rich, delicious food that the most delicate stomach can digest with ease. COTTOLENE is making the world cheerier and brighter for thousands who were formerly suffering from the curse of lard-soaked food.

An Auto Enthusiast

If you buy a Tourist you will be able to go anywhere that the best of them can go. The Tourist is LARGE enough, STRONG enough and SPEEDY enough to suit anyone, while its durability is unexcelled. The Tourist is the ideal medium in automobiles; its as good as the best and is medium priced. Ask us for a demonstration.

Our Motto: "A Square Deal"

Commercial Co. plant was read. The ordinance provides a fifty-year franchise for a strip eight feet wide, and makes it necessary for a watchman to be kept at the crossing when being used or about to be used. Attorney Forgy for the railroad objected to a clause that permits the city to give a franchise to any other railroad over the same rails. The city attorney said the provision had gone into the last two franchises granted. There was no objection to allowing a franchise over the strip, but the rails—the Santa Fe doesn't like it that way. The matter was passed over that the trustees might examine into other franchise provisions now in force here.

THE GARBAGE ONCE AGAIN IS DISCUSSED

A resolution passed by the Board of Health asking that the city provide some method for carrying away garbage and rubbish from all over the city was read. McFadden—"Has the Board of Health any plan to suggest?" Health Officer Clark—"We have no plan to absolutely control the hauling of garbage. We cannot get a man to do the work without some pay. Allow something for pay and we can handle the matter. Some time in the future we will have to have a place for the disposal of garbage and rubbish." Heathman—"We can pass an ordinance that will compel every property owner to have a garbage can. I think I can draw up an ordinance that will meet the requirements." Dr. Clark said the ordinance should compel garbage haulers to have closed wagons. H. J. Forgy said some people feed their garbage to their chickens, and create a nuisance thereby. The city attorney and health officer were instructed to prepare an ordinance and present it at the next meeting of the board.

TELL CITY ATTORNEY OF NOTICES SERVED

"While we are on matters concerning smells," said Trustee Harris, "we wish to inform the city attorney that the city has been served with notice not to use sewage on the sewer farm for irrigation purposes. Our notices say nothing about the septic tank." McFadden—"We visited the sewer farm and found it as clean as it ever was." Thompson—"I don't like the watering of cabbages with it." Harris—"That was not on the sewer farm and only a small patch of cabbage." McFadden—"The city health officer has served notice on those inside the city not to use sewage."

MORE PAVING PUT ON TAP FOR FUTURE

A new ordinance providing for the paving of West Third from Main to Birch was read and referred to the city attorney on first reading. This is meant to pave one block, that between Broadway and Birch. The remainder of the work is done. An ordinance vacating the strip of what was formerly Spurgeon street north of Washington avenue was passed on first reading. An ordinance providing for paving Broadway from Third to Hickey street was read. This street is paved from Third to Fifth. This ordinance was the most important paving matter that came up last night. Paving from Third to Fifth on French was also ordered in a first reading. The work has been done from Fourth to Fifth.

BOARD TO PROCEED WITH THE GUTTERS

The remonstrance of nearly the entire list of property owners on South Main from Bishop street south to the city limits, protesting against the putting down of gutters, was read. Thompson—"I am convinced that the only way to make a good street out of South Main is by putting in these gutters."

McNaught—"I am satisfied that the street superintendent knows what he is talking about. The property owners have advanced no other way of improving the street. As to the entanglements of the law—the property owners are taking no chances there; it is the contractor."

Harris—"I opposed this measure, but I am not going to haggle over it. Since a majority of the board favors it, I am willing to co-operate in carrying the work out."

Thompson—"When the street is fixed, graded and oiled, the property owners will be glad the work was done."

BLOCKING WALK WITH HAY BALES

Trustee Thompson brought up a matter that was passed up to the city marshal. Thompson said: "There are parties who occupy the

street with produce, take up half or all the sidewalk with baled hay. One in particular I am speaking of." McNaught—"There are a half dozen of constant violators of the law. The marshal has notified them." McFadden—"He ought to do something besides notify." Heathman—"I am ready to draw up a complaint any time."

NEW SEWER FARM LEASE IS GIVEN

A new sewer farm lease was given last night to Sai Fukuda, the Japanese who has had the sewer farm for about eighteen months. This lease comes long after the settlement of the sewer farm suit, and seems to be a part of the adjustment made necessary by the settlement of that suit. The original lease covered also that portion of the land that was contracted for, but which went back to the owners.

The lease is dated April 22, 1909. It is a lease to Fukuda from January, 1908, to January, 1911, the price to be \$1250. Of that amount \$750 is paid, \$250 to be paid on the execution of the lease, \$125 on Jan. 1, 1910, and \$125 on Jan. 1, 1911.

The Jap agrees to care for all sewage and save the lessor harmless from any damage done by sewage. It is to be used by Fukuda on the sewer farm or lands under the Jap's control except when it is best to turn it into the river. The city may enter on the land to protect its property against overflow. The president of the council was authorized to execute the lease.

MORE OIL ORDERED FOR STREET WORK

Street Superintendent Ward said the city would do well to oil Chestnut street, as it is on the main traveled automobile road. He said there are a number of street that should be oiled for the reason that sprinkling them means long hauls. Hannah street, South Main, and Grand avenue were mentioned by him.

The trustees thought it would be well to persuade property owners to pay for their oil. The street superintendent said oiling these outside streets was a matter of economy. Authority was given for ordering one or two carloads of heavy grade oil.

WARD WILL WATCH FOR AUTO SPEEDERS

The council passed a motion requesting City Marshal Edwards to make Street Superintendent Ward a deputy marshal without pay.

"I should like Mr. Ward made a deputy marshal so that he can help in catching these automobile speeders," said Trustee McNaught. He is out on the street a great deal and it takes two men to catch them right."

NOT PLEASED WITH BLOCKING OF STREET

Trustee McFadden stated that both the Santa Fe and Southern Pacific allow their trains to stand across the street. When the trains come in near the same time, women and children going from the Santa Fe to the S. P. have to climb over the platforms of the passenger coaches. It was stated that the Southern Pacific is the worst offender.

Someone stated the railroads have a right to let their trains block the streets for five minutes. Attorney Heathman said he thought there was no such provision in the franchises. Trustee McNaught suggested that the city attorney notify the railroads to keep their trains from blocking the streets, and if they persist, then go to the city attorney for a complaint. The suggestion was made a motion and carried.

Flagman's Flag
McNaught—"Does a flagman carry a flag? The Santa Fe crossing man has nothing to show people he is there as a watchman."

Heathman—"There is no rule concerning it."

It was decided, on Harris' suggestion, to ask the Santa Fe to provide the watchman with a flag.

The ordinance prohibiting the placing of signs over sidewalks was read. It was the consensus of opinion that the ordinance should not prohibit signs on cloth awnings.

Book on Street Law

City Attorney Heathman requested the trustees to buy for his office a copy of "A Handbook on Street Law," which is written and published by Attorney Sydney Bell of Los Angeles. The motion to order the book was made, but before it was put Trustee Thompson asked for a word.

He said the city needs a number of new horses, if it is going to do the gravel hauling it ought to do. Trustee McFadden said it was not a matter of what is needed, but a matter of money, and the city had best not buy the horses just now. It was suggested that the horses were not connected in any way with

WE'RE OVER STOCKED

ON NEW BICYCLES THIS SEASON

We are in a position to give you better values in bicycles than ever before, as we must reduce our large stock.

LET US GIVE YOU A FINE NEW WHEEL IN EXCHANGE FOR YOUR OLD ONE. We will allow you all your old wheel is worth.

We want to make an exchange for as many second-hand wheels as possible and will give you a better bargain than anyone else. Bring in your old wheel.

We have a few first-class bicycles for sale for cash.

Brand New With Coaster Brake \$25.00

the motion on Heathman's book, but Trustee Harris showed the relevancy by saying that possibly Trustee Thompson thought the book was a pony copy. Anyhow, the motion on the book was put and carried, and nothing was done concerning the book and gravel.

Other Matters

McNaught—"Do we understand that hereafter the Board of Supervisors will levy the school taxes?"

Heathman—"My understanding is that the supervisors levy the special high school taxes. I haven't looked the matter up thoroughly as yet."

The ordinance placing a \$25 a day tax upon medicine sellers who advertise their wares by outcry was passed for first reading.

The board adjourned to meet on July 5.

TO ASK CONGRESS FOR FIVE BILLION DOLLARS

Tremendous Sums Needed for Great Projects Along Reclamation and Irrigation Lines

SPOKANE, Wash., June 22.—Arthur Hooker, secretary of the board of control of the National Irrigation Congress, will present a resolution for approval by that organization at its seventeenth sessions in Spokane, August 9 to 14, memorializing congress to issue 3 per cent gold bonds, running 100 years, to the amount of \$5,000,000,000, or as much thereof as may be necessary, for the following specific purposes:

One billion dollars for drainage of overflowed and swamp lands, thus reclaiming an area equal to 100,000 square miles.

One billion dollars for the reclama-

tion by irrigation of 40,000,000 acres of arid and semi-arid lands, now partly or wholly waste.

One billion dollars to construct and improve deep waterways, to develop thousands of miles of territory now without adequate transportation facilities.

One billion dollars for good roads and national highways, for the lack of which the farm area of the United States is approximately \$500,000,000 annually.

One billion dollars for forest protection, reforestation and conservation of the forest resources, thus assuring timber and lumber supplies for centuries to come.

"Five billions of dollars is an enormous sum, but it is no more than is actually required to carry out the gigantic scheme in developing millions of acres of lands in various parts of the United States now absolutely worthless," said Mr. Hooker in explaining the plan. "Congress will not be asked to appropriate a penny. The returns from the improvements would pay off the bonds. The government would simply act as a banker, as it does now for the various irrigation projects. The bond issue would provide ample funds as required to carry out the work in the several divisions, at the same time giving the best possible collateral to those investing in these securities.

"Government figures bear out the statement that there is enough good land overflowed in Minnesota, Wisconsin, Kansas, Nebraska, Louisiana, Kentucky, Tennessee and Mississippi to make an area as large as the state of Missouri, or more than 44,000,000 acres, while in the Eastern, Central and Western states there is more

than as much more, or about 100,000,000 acres in all. At a conservative estimate of \$25 an acre, the sale of this reclaimed land would justify the expenditure of \$2,500,000,000, or 150 per cent more than is required to drain it. This land would support from 2,000,000 to 3,000,000 population.

"Approximately 40,000,000 acres of lands in Western and Southwestern states are adapted to irrigation, which, if reclaimed at an average cost of \$25 an acre, would be worth not less than \$200 an acre, or a total of \$8,000,000,000, and provide homes for more than 8,000,000 persons. The economic value of irrigation cannot be measured in dollars and cents, but crops of from \$500 to \$1000 an acre are not rare in the irrigated districts. There are already 14,000,000 acres under irrigation and the reclamation service estimates it will have reclaimed 2,000,000 acres, at a cost not exceeding \$70,000,000, before the close of 1911.

"The construction and improvement of the deep waterways required to provide better and cheaper transportation facilities is, I believe, a 100 per cent investment, from the fact that two-thirds of the bulky freight could be shipped by water routes, at a cost to the shipper of not more than one-sixth of the present rail rates. The importance of this becomes apparent when it is remembered that the food question is becoming a world problem.

"The state of New York is expending \$101,000,000 to enlarge the Erie canal, and \$100,000,000 is the amount required to improve the Missouri river from a point about 40 miles west of Yellowstone Park to where it meets the Mississippi river, 2547 miles. Then there is the projected waterway from Lake Michigan to the

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has been the basis of every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drainage, down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or the derangement of the feminine organs, you can do no better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs. Do not expect too much from "Favorite Prescription"; it will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time. You can't afford to accept a secret nostrum as a substitute for this remedy of known composition. Sick women are invited to consult by letter, free. All correspondence is held as strictly private and sacredly confidential. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., No. 663 Main Street, Buffalo, N. Y. Dr. Pierce's Pleasant Pellets are the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

Gulf of Mexico and scores of others necessary to cheap and better transportation facilities. Millions of dollars will be saved annually to the people of the United States by the completion of these works.

"The maintenance of the greatest waterway in the world, composed of the Great Lakes, on which the government of the United States has expended more than \$90,000,000 for harbors and connecting channels, presents an argument in favor of the scheme to develop thousands of miles of territory in the Missouri and other valleys. The other projects outlined in the foregoing are of equal if not greater importance, and with proper backing they can be carried out successfully.

"No one questions the statement that good roads have a high money value to the farmers of the nation, and it may be said that this alone is sufficient to justify the cost of their construction as rapidly as practicable under an efficient, economical and equitable system of highway improvement. The big points in favor of this expenditure is the economy of time and force in transportation between farm and market, enabling the growers to take advantage of fluctuations in buying and selling, as well as enhancing the value of real estate.

"It is estimated that the average annual loss from poor roads is 76 cents an acre, while the estimated average increase resulting from improving all the public roads is \$9. The losses in five years would aggregate \$2432 for every section of land, or more than enough to improve two miles of public highway. The necessity of good roads is obvious, as it would enhance the value of each section of land about \$5760, or more than double the estimated cost of two miles of improved highway, which constitutes the quota for 640 acres of land.

The value of our forests was never better appreciated than today. With in the arid and semi-arid portions of the Western States nearly 124,000,000 acres are covered with woodland, of value for fuel, fence posts and other purposes essential to the success of the farmers. There are also 97,000,000 acres covered with heavy forests having commercial value for timber and logs for saw mills, also hundreds of thousands of acres of timber lands in other parts of the United States. Reforestation and conservation of the vast resources are necessary to provide future generations with timber and lumber supplies. The government is expending large amounts of money every year to protect its forests from fires, yet expert lumbermen say that more standing timber is destroyed by flames annually than is converted into merchantable lumber by the saw mills."

Mr. Hooker said it is likely that his resolution will be presented to the various interests of the irrigation congress for discussion, and will afterward be incorporated in a memorial to the United States Congress. It is also proposed to have a large delegation, composed of representatives of every state and territory in the Union, push the measure for adoption. The work of enlisting the support of the people interested in the various projects will be taken up immediately after the close of the irrigation congress with the view to concerted action.

CHICHESTER'S PILLS
THE DIAMOND BRAND.
Largest and most famous of all the pills in the world.
Sold by druggists everywhere.

ASTHMA AND HAY FEVER WILL VANISH

—Everybody knows that Hyomei cures catarrh. But there are many sufferers from asthma and hay fever who don't know that Hyomei will give them instant relief, and if used regularly, permanent cure.

But the Rowley Drug Co knows so well what Hyomei will do that they guarantee it to cure catarrh, hay fever and asthma.

Surely it's worth a trial on that basis, and why people continue to choke and wheeze and spit and hawk and snuffle when a certain cure is at hand is beyond the comprehension of human intelligence.

When you breathe Hyomei deep into your lungs you breathe exactly the same pleasant antiseptic balmy air that you would breathe in the forests of pine and eucalyptus of inland Australia.

"Doctoring and remedies never helped my hay fever, till I used Hyomei. It gave me great relief, and has my endorsement."—Louis A. Grobe, Flint, Mich.

Complete Hyomei outfit is only \$1.00, and extra bottles 50 cents. A Hyomei outfit consists of a bottle of Hyomei, a hard rubber inhaler, medicine dropper and full instructions for use. Just breathe it in and get immediate relief.

No. 4188

Notice of Sale of Real Estate
In the Superior Court of the State of California, in and for the County of Orange.

In the matter of the estate and guardianship of May Isabelle Cook, an incompetent person.

Notice is hereby given, that in pursuance of an order of the Superior Court of the State of California, in and for the County of Orange, made on the 18th day of June, 1909, in the matter of the estate and guardianship of May Isabelle Cook, an incompetent person, the undersigned guardian of the estate of said incompetent person, will sell at private sale for cash, in lawful money of the United States, subject to confirmation by said court, on or after the 29th day of June, 1909, all the right, title, interest and estate of said May Isabelle Cook at the time of her incompetency; and all the right, title and interest that said estate has acquired by operation of law, or otherwise, other than or in addition to that of said May Isabelle Cook at the time of her incompetency, in and to that certain lot, piece or parcel of land situated in the County of Orange, State of California, and described as follows, to-wit:

"An undivided one-half interest in lot 14, block 'A' of the Center tract as shown on a map of a re-subdivision of the northerly part of block 'A' of the Center tract, recorded in Book 3, Page 22, Miscellaneous Maps, Records of Orange County, California."

Terms of sale will be cash; ten (10) per cent of the purchase price to be paid at the time of acceptance of bid by said guardian; balance upon confirmation of said sale by said Superior court. Bids or offers in writing for said real property, or said lot above mentioned and described, shall be made to said guardian at Artesia, Los Angeles County, California, or delivered to said guardian personally at any time after the first publication of this notice and before the sale.

Dated this 18th day of June, 1909.

M. A. COOK,
Guardian of the estate of May Isabelle Cook, an incompetent person.

SIMONS, BRADNER & ROSS,
Attorneys for Guardian.

NOTICE TO CREDITORS

In the Superior Court of the State of California, in and for the County of Orange.

In the matter of the estate of Helene Modzejska Chlapowska, also known as Helena Modzejska Chlapowska, also known as Helena Modjeska Chlapowska and Helena Modjeska, deceased.

Notice is hereby given by the undersigned, Richard J. Dillon, executor of the last Will and Testament of said deceased, to the creditors of and all persons having claims against the said deceased, or her estate, to exhibit the same with the necessary vouchers within four months after the first publication of this notice, (which publication was first made on the 25th day of May, 1909), to the said executor, at the office of Mot & Dillon, attorneys-at-law, Room 427 Douglas Building, in the city of Los Angeles, County of Los Angeles, State of California, which is hereby designated as the place for the transaction of the business of the estate of said deceased and of said executor.

RICHARD J. DILLON,
Executor of the last will and testament of said deceased.

LIBRARIES AND JUSTICE
In view of the recent publication of the stupendous list of donations for libraries by Andrew Carnegie, it is interesting to note that a learned Rabbi of New York takes occasion to denounce the Laird of Kibo, and adds to his philippic the remark that "we need justice more than libraries."
As to Carnegie himself it is hardly in order for us to judge his motives in making these donations. The presumption is that they are made in good faith, and it is but fair that he should have the benefit of the reasonable doubt. While it may be that he could spend his money for better purposes, it is also true that he could spend it for worse, and as a matter of fact the purpose for which he does spend it is much more to be commended than the purposes for which the general run of the rich spend their millions. Again while it is true that we are sadly in need of justice, it is also true that were money thrown in the scale, it could not insure that justice would prevail even in the clearest cases, as witness the attempts of Rudolph Spreckles at San Francisco. In this country justice must depend upon the people and their courts of justice.
Granting this we must have to acknowledge that, after all, Carnegie has taken the quickest way to insure justice by scattering his libraries among the people, thereby raising the standard of intelligence and presumably the standard of justice as well.

THE HONEST MAN'S CHANCE
The law against fake sales, which goes into operation within a few days, will be far reaching in its effects. Providing as it does a penalty against advertising goods in a way to induce buying by MISLEADING STATEMENTS, it gives the legitimate merchant a chance to sell his wares and also the unwary purchaser an opportunity to get his money's worth. It will curtail the operations of the mercantile adventurer in the larger cities, who sends out false statements intending to lead the inhabitants of the surrounding towns to believe that he has accumulated a large and select assortment of unheard-of bargains by reason of some fire, flood, bankruptcy or other disaster, and is going to give them the chance of their lives to buy themselves rich.

It will be found that when this law goes into effect these sales will stop short or some one will get into trouble. It will be interesting to note the change that takes place in the advertising that is spread before the readers of Los Angeles papers, as indicating the manner in which some people have been duped in this way.
Not but what there have been and may still be legitimate sales under these and other headings that afford reasonable opportunities for purchasers, but such pretended sales have become so frequent that investigation has shown the most of them to be fakes, and it has become necessary to protect the public against them by legislative enactment. The Register has always contended and still contends that the only safe and the best place to buy goods is at home; that competition in Santa Ana is as sharp as in the city; and as for quantity and quality, it is safer to buy of our own merchants if for no other reason than the fact that THEY CANNOT AFFORD TO MISREPRESENT THEIR GOODS TO HOME PEOPLE. But you go into a big Los Angeles store, where you never come into con-

"The Quality Store"
Phone, Main 40, Home 40

tact with any but employees, who in addition to their meager wages get a commission on what they sell, and you are up against the very conditions that are MOST UNFAVORABLE TO THE PURCHASER. It is anything to make a sale with them, and unless you are thoroughly posted on the quality and prices of goods you stand a chance to get the worst of it.
Besides, trading at home is founded on the fine old motto, "Live and let live," which we unconsciously violate every time we go bargain-hunting abroad. If we make our living in Santa Ana let us do it in a way to assist others to do the same thing, which we are not doing when we go elsewhere to buy goods. If every one did the latter there would soon be no Santa Ana—it would go to pieces of its own violation—commit financial suicide so to speak. Boost your own town and your own town will boost you.

DEAFNESS CANNOT BE CURED
—by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A Dry Day in a Dry Town

Under the above somewhat striking caption, A. J. Pillsbury, editor-in-chief of the California Weekly (San Francisco), tells of the results of voting the liquor traffic out of Tulare. Mr. Pillsbury was for many years the editor of the Tulare Daily Register, and he is quite generally acknowledged to be one of the most discerning observers and ablest and fairest writers (absolutely independent, broad and liberal) in California. This is what he says:

Tulare City was the first town in the San Joaquin Valley to vote "dry." It has had more than a year of experience without a saloon in it, and anyone acquainted with the town before it went dry will be interested to learn just what the situation now is and how Tulare people feel about it. That the California Weekly might carry a message to other communities a representative of the staff spent Saturday in Tulare, and what is here set down as true is true.

Do Not Want Saloons Back
During his "Day in a Dry Town" the writer of this confined his inquiries to those who had opposed making the town dry and had voted against it. With one accord they all freely confessed that not one of the bad effects they had anticipated had resulted. Being a dry town had brought as much trade as it had cost. Men who had never thought of trading at Tulare drove there to trade because it was dry or, if they did not drive, they came by train. The trade of the town has so increased that all the old saloon buildings were speedily occupied by other lines of business, and only two store rooms are now vacant. One of these was vacated only a short time ago, so that the storekeeper might enlarge his facilities and double his stock. It is to be doubted if Tulare has one business man who would vote to bring back the saloons.

Few felt that the present status was final, but no one wanted the saloons back. It was conceded that about all the old fellows who had habitually used whiskey still use it, but less than ever before, while great numbers who drank beer or whiskey because it confronted them everywhere, and not because they cared especially for either, go without it to their gain. The money they formerly spent for such things they now spend for better things to eat and to wear, and general business

FROM ORANGE COUNTY PAPERS
Anaheim Plain Dealer: When a crisis comes in the affairs of men a leader rises from the masses equal to the occasion. When things looked darkest in Turkey a few weeks ago a man of mystery, Schefket by name, sprang to the front and led his countrymen to Constantinople and de-throned a tyrant with but little bloodshed. He is an Arab, but a man of genius. He might have been dictator of the empire today, but he said to the foreign ambassadors while visiting them: "The army is merely an instrument of civil power. The army, and I as an officer of it, derive our authority to establish order from the National Assembly. The army is a finger of Parliament and works under the will the Cabinet." These be the words of a patriot. Some-

thing good may come out of Turkey yet.
WASHINGTON NEWS LETTER
WASHINGTON, June 22.—A bit of humor added to the force of an argument won for Senator Bradley of Kentucky, the rare distinction of getting an increase over the committee report in the Aldrich bill. To protect the flax growers Bradley wanted a tariff on jute, which competes with it. Some of the things he said were:
"If there is anything in this world that is imported into the United States free, that is absolutely a source of disgust to an American citizen, it is jute. (Laughter.) Where does jute come from? Who are the people who make jute? Heathens; yellow men, spotted men, everything on earth but white men. They go out and work in the fields. I had some pictures of some of them the other day. I wish you could see them. They have never found out that the day of fig leaves is past. (Laughter.) And that is the sort of degraded labor that you reward in free America by allowing jute to come to your shores unprotected."
"I appeal to the Senate for justice in this matter. It is true I come to the state of Kentucky, but I am not ashamed of that. There is no better state on this earth than Kentucky. Kentucky is like a man's wife was when she said that there never was a better woman than she was as long as her husband would let her have her own way. (Laughter.)"
"Why should we not have this protection? What is the reason why we should not have it? Are we a part of this country or not? We pay more internal revenue (laughter) than any state in this Union except two. (Laughter.)"
"I hope that the occupants of the galleries will be in order. (Laughter.) I surely do not desire to be the innocent cause of any trouble in the Senate. I have not made anybody mad this session. I have not been mad, either. I am not going to be mad unless the Senate refuses to give me a tariff on jute. (Laughter.) Then I reserve the right to myself to get mad and to stay mad during the remainder of the session."

WE HAVE IT AGAIN
Dr. Shoop's Famous HEALTH COFFEE
One and one-half lbs. for 25c. This substitute for coffee is conceded first place in competition with all other health coffees. It makes a delicious beverage and being made from field Grains, Malt, Nuts, etc., it is exceedingly nourishing. Excellent for children.
Parsons & McNaught
Both Phones 67.
414-418 West Fourth Street.

In seventy countries of the world during the last year plows and cultivators bearing the mark "Made in America," turned the ground for foreign crops; 75 nations harvested that crop with American manufacturer mowers and reapers and bound it with five million dollars worth of binder twine from the United States. All of which serves to illustrate the striking popularity of American made goods throughout the world. The figures are from the detailed export tables of the Bureau of Statistics, just made public.
The statement shows further, for instance, that American stove polish during 1908 contributed to the happiness of housewives in the United Kingdom alone to the extent of about \$10,000 worth—not to speak of Canada with \$14,000; and Australia, New Zealand, Haiti, and dozens of other countries.
American candles lighted homes in 40 countries of the world. Cuba bought \$188,000 worth of them in 1908. Fifty nations use American made street cars, and people in 60 ride bicycles made in the United States.
It may seem like carrying coals to Newcastle to invade French markets with American automobiles, but nevertheless motor cars made in the United States speed over roads there and in 49 other countries as well.

CHILDREN WHO ARE SICKLY
Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. They Break up Colds, Cure Feverishness, Constipation, Teething Disorders, Headache and Stomach Troubles. THESE POWDERS NEVER FAIL. Sold by all Drug Stores, 25c. Don't accept any substitute. A trial package will be sent FREE to any mother who will address Allen S. Olmsted, Le Roy, N. Y.

THE KANSAS TIN SHOP
Is still "doin' blisness" at the old stand.
A good assortment of aluminum ware has come in this week and there are six dozen (72) of those small stew pans that the manufacturers in Lemont, Ill., send out to advertise aluminum goods. These stew pans we sell a ten (10) cents each.
We had two dozen (24) with a shipment last winter and they went so quick we thought to get more of them this time.
In order to see how nice aluminum ware is come and get one of those pure aluminum stew pans and pay ten (10) cents for it. Come and see.

Society Doings

'09-B Class Girls

The girls of '09-B class held their last party of the school year at the home of Miss Ethel Roper last evening. These are the graduating girls, and many pleasant times have been spent together. Last night, the hours were filled with pleasure, touched with a tinge of sadness from the fact that it was the last time they would jolly together as high school girls.

There were dancing and music, with Mrs. Roper and Mrs. France assisting the girls in having a genuinely happy evening. Punch was served during the evening.

Following the pleasant hours at the Ropers, all of the girls went to the Dragon, where delicious refreshments were enjoyed. Besides the graduating girls, Miss Florence Yoch was a guest at this pleasant reunion.

Silver Medal Contest

Prof. Zelman of Tustin, Mrs. C. A. Langworthy and Miss Gupit of Santa Ana, went to Long Beach the latter part of last week to act as judges in a W.C.T.U. diamond medal contest held there.

It is hoped that a diamond medal contest may be the result of the various medal contests which have been held in Santa Ana, as there are a number of holders of silver medals here.

On next Monday evening, June 28, eight young men will join in a silver medal contest to be held at the Methodist church. There will be several musical numbers given in connection with the orations, and the affair promises to be a big attraction.

Santa Ana Girls at Pomona College Commencement days at Pomona College began last Sunday with the baccalaureate sermon and are continuing through this week.

Santa Ana has one representative in the graduating class this year, Miss Ada McFadden. Two Santa Ana girls helped get out the recent number of

the "Metate," the college paper, Misses Evalina Nunn and Irene Beatty being associate editors.

Ladies' Aid Tea

The Ladies' Aid tea, of the First Christian church, will be held at the home of Mrs. Connell, 815 French, Friday afternoon. Ladies bring their needle work.

At Home From Avalon

Mr. and Mrs. E. S. Gilbert have returned from a wedding trip to Catalina Island, and are at their own home. Mrs. Gilbert made a record while at Avalon, having landed the biggest fish so far caught there by any lady during this season. It was a yellowtail weighing twenty-two and one-half pounds.

Gave Recital

Mr. and Mrs. Dearing of Orange, who have many friends here especially among the musical people, gave a pupils' recital last night at Orange in the high school auditorium.

Lady Macabees' Social

The social given last night at Fraternal Brotherhood Hall, by the Lady Macabees, was very successful, both socially and financially, a large number attending and all enjoying the pleasant evening.

After a program and the enjoyment of ice cream and wafers, there was dancing until midnight. The program given during the evening included the following numbers:

Piano Solo—Miss LaVeta Comstock.
Recitation—Archie Williams.
Vocal Solo—Miss Leora Peters.
Piano and Violin Duet—Elwell Squires and Freda Moesser.
Vocal Solo—Miss Edith Spangler.
Song—Six Little Girls.

Pleasant Party

A number of young people were very pleasantly entertained at the Rohrs' residence on Santa Clara avenue yesterday evening.

The evening was spent in games, music and conversation. Later in the evening delicious refreshments were served. Those present were Miss Elman from Sacramento, Misses Marie and Nellie Rohrs, Alfreda Holzgrafe, Helen Hofer, Emma and Martha Schildmeyer, Messrs. Arthur Koepsel, Albert Rohrs, Arthur Hofer, Harry and Fred Opp.

First Band Concert

The opening band concert of the summer season will be given tomorrow night, Wednesday, June 23, at 8 o'clock, in Birch Street Park, by the Columbia Band, under the direction of W. Frank Harris.

There is a general feeling of gratification over the resumption of these

PERSONALS

Mrs. Nellie Young of Long Beach, after visiting friends here over Sunday and Monday, left today for Talbert and her Long Beach home.

Mrs. W. L. Tubbs, with her son, Lester, arrived Sunday evening in Santa Ana, after a six weeks' visit in Iowa and Minnesota. Mrs. Tubbs was present at the commencement exercises of Shattuck Military School, Fairbault, Minn., where her son attended school during the past year.

Mr. and Mrs. C. S. Forgy left today for Newport Beach for a stay at their cottage.

Rev. R. M. Mateer and wife, missionaries from China, are visiting their brother, W. D. Mateer and family.

Mr. and Mrs. L. M. Duggins and daughter, Montie, leave tomorrow for Kansas, where they will visit at Mulvane and Horton. After their visit they will probably locate in Colorado. Mr. Duggins has been in the Rossmore barber shop for the past year and a half.

Miss Beth Phillips of Westminster, is spending the week with Mrs. George Magill. Miss Phillips was recently appointed secretary of the high school faculty, and is already engaged with the duties of her new position.

Miss Lillian Fischer is visiting this week in Los Angeles with friends. Miss Evaline Smith of Los Angeles, is in Santa Ana visiting her numerous friends.

Miss Nellie May will go to Pasadena this week to spend some time with old friends there.

C. A. Merritt of Orange, who has been in the Santa Ana Hospital, has been taken to his home, but is still under the care of a trained nurse.

Mr. and Mrs. H. C. Gilbert, father and mother of E. S. Gilbert, have returned to their home in Huntington Park, after a stay of two or three months.

H. E. O'Brien of Los Angeles, special agent of the California Fire Insurance Co., spent yesterday afternoon in Santa Ana visiting the office of O. M. Robbins & Son.

Miss Mary Belle Williams of San Diego is a guest at the home of Miss Grace Mitchell and will remain until after the Van Gieson-Mitchell wedding tomorrow.

Mrs. Greenfield and daughter, who formerly lived on North Main street, and who went East about nine months ago on an extended visit, have returned to California and are now living in Los Angeles. They spent to day in Santa Ana.

—Wait for 1910 Rambler announcement. J. C. Williams & Son, Orange.

Gallstones Removed

N. Lind Relieved of Many by Bloodless Surgery, No Knife, No Pain

Many Sick and Cripples Being Cured Daily at Kamama's Offices—Phenomenal Offer to Treat the Sick and Afflicted for the Cost of Medicine Only Attracts People All Over Orange County

—When Kamama first came to Santa Ana he told the people that he would show wonderful cures bordering on the miracles and that his methods would cause the whole town to talk. Such was the result in Riverside, San Diego, Santa Barbara, Oakland and San Francisco. Such are the results here in Santa Ana. Many hundreds of people in this city and vicinity can testify to the wonderful good that they have received from this wonderful man. When a newspaper man called at the Rossmore hotel, where Kamama has his offices, this morning at half past nine o'clock, his offices were crowded and many reliable citizens told of the benefits that they have been receiving from Kamama. Mr. N. Lind, a gardener, living two miles from the country, came to Kamama a few days ago suffering from gallstones. He said: "I have had a great deal of trouble with gallstones, my stomach and kidneys for a long time. I have used a great many kinds of remedies, but with no result. Friday, the doctor gave me three doses of a peculiar medicine, and yesterday I was relieved of a large number of gallstones."

Saturday night at the big free show grounds, 4th and Broadway, there was at least three thousand people out to see Kamama. Hundreds of packages of Kamama's wonderful tonic were passed out and Kamama's manager announced that this week Kamama would treat all who came to his office at the Rossmore hotel for the cost of the medicine only, making no charge for his services in any way whatsoever. Kamama's manager also announced that a carload of medicine was on the way here for distribution.

—What you need is a light, strong car with power enough to spin its wheels under full load anywhere. Investigate the Studebaker E-M-F 30. Ask the man who owns one. Wm. F. Lutz Co.

Business

FOR SALE—REAL ESTATE

CO. L'S MEN TO SHOOT

Local Guardsmen Expect to Carry Off Honors—Drill Last Night

Members of Company L, Seventh Infantry, N. G. C., are looking forward with considerable interest to the forthcoming target shoot at the butts near the Orange County Park. Invitations have been sent out by the Southern California Rifles, from their headquarters in Los Angeles, to all

the companies of the Seventh Regiment, to participate in this match, which is being arranged by the Santa Ana Rifle Club.

It is proposed to hold a three days' shoot on July 3, 4, and 5, inclusive, and as many of the best rifle shots in this part of the state have already signified their intention to enter the match, some close scores are looked for.

The men of Company L are planning to carry off their share of the honors in high scores, and as many of the men have previously shown their ability with the Krag, there is little doubt but what their hopes will be realized. The following men in particular are looked to for high points on the firing line: Lieutenant F. L. Worden, Sergeant J. S. McBride, Corporal Geo. Magill, Corporal J. Gill, Privates William McFadden and Victor Griset.

Under command of Major L. L. Vestal, the boys of Company L participated in a battalion drill last night. Captain N. A. Ulm put his men through some company movements in order to limber up before going out on the streets for the more arduous work of battalion maneuvering. Major Vestal was assisted by Battalion Adjutant E. A. Merwin from Long Beach, and the company officers, and the rank and file of the company enjoyed an interesting, as well as strenuous drill.

Lieutenant David R. Lane, First Infantry, N. G. of New Mexico, was a visitor at the armory last night. Lieutenant Lane commended the men of Company L on the high efficiency shown in their drill.

C. N. Leach was re-elected to membership in Captain Ulm's company last night.

Speculation is rife among the local guardsmen as to whether the regiment will be ordered into camp this year. As the combined army and state military maneuvers are only held once in two years, it is expected that regimental camps will be ordered for the alternate period. Should this be decided upon, Company L will be prepared to take the field with practically a full complement of men.

Recruits are wanted in the local military organization, and Captain Ulm is desirous of enlisting all men of good habits and character who will make application. Young men in particular would find a night at the armory once a week to be enjoyable, as well as instructive, for there is always plenty of entertainment to offset the work incidental to a soldier's training.

—Special this week. \$115.00 for our regular three-quarter \$135.00 survey. Only one to go at this extremely low price. This is not a freak, not shop-worn, moth eaten or out of style, but a standard make, guaranteed vehicle. J. C. Williams & Son, Orange.

—1910 Ramblers, In August. Don't buy a 1909 car now. J. C. Williams & Son, Orange.

PRESS AGENT MAKES REPLY

Claims Christian Science Differs From Christian Psychology

Editor Register: In an article entitled "The Emmanuel Movement From a Christian's Standpoint," reference is made to Christian Science with Hypnotism, The Emmanuel Movement, Christian Psychology, etc.

As Christian Science is fundamentally opposite to these, will you kindly publish the enclosed article copied from the "Pacific Outlook," which clearly defines how they differ.

WILLIAM E. BROWN.

The above is from an authorized Christian Science press agent. The article follows:

Christian Science does not employ hypnotism or suggestion in any of its forms, but on the contrary destroys those agencies in its practice. From this it will be realized that Christian Science and Christian Psychology diverge at the very outset and being fundamentally opposed there can be no points of similarity.

Suggestion seeks to substitute one condition of mind for another and it does this through hypnotic control, which one authority pronounces "a partial paralysis of the brain."

While this method may produce temporary surcease it is in no sense true cure, as the last condition of the patient is frequently worse than the first. An illustration of this point may be cited in the case of a professor at one of the leading colleges who practiced his hypnotic theories on his son attending the same college. At first the son seemed unusually bright and capable. Now he is practically an imbecile under the care of a nurse—a condition recognized to be the result of having tampered with his mentality through hypnotism.

One of the most eminent authorities on hypnotism, Professor Munsterberg, says substantially that "unfortunately hypnotism can be used for evil purposes, and that he considers it a very dangerous weapon." The fact that suggestion may be used either to accomplish good or evil stamps it at once as both unscientific and un-Christian. We have Scriptural authority for the fact "so can no fountain both yield salt water and fresh."

With the foregoing in mind as to the nature of the healing agency of Christian Psychology, let us compare it with Christian Science. The healing agency employed in the latter is a spiritual understanding of the all-

ness of God and the consequent realization of the unreality of all that is unlike Him. This enables the patient to overcome and cast out lust, hatred, malice, revenge, dishonesty and all the works of the flesh and their consequent poisonous effects on the system. Thus it will be seen Christian Science does not seek to remove discord by displacement or substitution by the use of suggestion, but effectually destroys it through bringing to the patient's consciousness a knowledge of the Truth which the Master promised would set us free.

Christian Science is primarily a religion, the religion of Jesus, and its chief mission is to destroy sin, the physical healing being the outward expression of the spiritual transformation that is taking place.

Christian Science can heal no one without improving him spiritually and morally, as well as physically, and can be successfully employed only by those whose lives are being cleansed by Christ.

Not so with hypnotic suggestion, which secures results without improving the moral nature. It has been pertinently said that hypnotism can be practiced by anyone, whether Christian or not. It would be just as effective in the hands of a pagan, atheist or criminal, thus clearly establishing the fact that hypnotism has nothing in common with Christianity.

Now we come to the difference between Christian Science and Christian Psychology, which most vitally interests sick and sinful humanity—the healing of sin and disease.

Psychology attempts to heal functional diseases only, leaving organic troubles to the physicians and in all cases to proceed only after medical diagnosis.

It will be noted that organic disease is to be turned over to the physician. At this juncture some one has asked the question, "But what is to become of the vast multitude of sufferers who have already been passed upon by the physician as incurable?" Surely they need healing and it is very largely this class that are healed in Christian Science.

There is no scriptural authority for segregating disease as to healing, no intimation that God will directly heal functional disease but requires the assistance of a physician to heal organic troubles.

On the contrary, Jesus and his disciples healed all kinds of ills, as shown in Matt. 10:1. "And when he had called unto him his twelve disciples, he gave them power against unclean spirits to cast them out and to heal all manner of sickness and all manner of disease."

That Christian Science has correctly interpreted the teachings of the Savior and is of divine origin is established in the lives of those who are its beneficiaries. Multitudes who have been redeemed from every conceivable kind of sin, disease, and bondage, are grateful not only for physical restoration, but far more so for the spiritual cleansing that has come to them through Mrs. Eddy's teaching.

BOY SENT TO STATE SCHOOL

Wanted to Go to Some Place Where He Could Learn to Read and Write

Alonzo Salazar, the 15-year-old Mexican boy who fired a load of birdshot into the body of his boss at a camp at Ocean View on August 24 last, was today ordered committed to the state school at Whittier. The boy was taken before the juvenile court this morning. He stated that he would like to be sent to some place where he could learn to read and write and speak the English language. In his lifetime he had been in school one month and ten days. Judge West knew of no better place for the boy than the state school and decided to send him there.

The boy was angered because his boss, Julian Tarin, would not pay him his full wages. The boy slipped up behind Tarin and shot him. Tarin survived the injury. On a previous occasion young Salazar had threatened to kill Tarin because he lived with Salazar's mother to whom he was not married.

LOS ANGELES PRODUCE MARKET

Long before the sun rose yesterday morning the new market at Ninth street and San Pedro street, had opened, and gardeners and hucksters and dealers were on hand to make it a success. There were from seventy-five to one hundred gardeners on the big expense of asphalt. Along the side, where the market buildings will later be built, light frames of wood, covered with canvas, similar to tents, served as the stalls of the thirty dealers who intend to make the new market their permanent business home. On the old market the moving of the dealers was not very noticeable. A number of stalls were vacant and bore the legends of removal to the new location. In the hitching yard the greatest change was apparent. The Chinese gardeners in the majority had gone over to San Pedro street. There were enough on hand, however, to supply a good portion of the dealers, many of whom stated that they had no difficulty in obtaining their usual fruits and vegetables without going out of their way. That conditions in the markets will soon right themselves is certain, and with the rapid growth of Los Angeles, dealers declare the two markets can easily exist, and each do a large business. Many of the larger merchants who are located near Third street and Central avenue are depending entirely on the judgment of their buyers in procuring their stock, while a few of them have, or intend in the near future to establish branch houses on the new market.

The demand for everything on both markets was good. There was active buying in all lines. The demand for local eggs was so good that they went up a cent on the select grades. Case counts were up half a cent in the sales that were made. Eastern eggs were naturally more firm. Receipts were light—303 cases.

Butter arrivals were 26,519 pounds. The heavy call for the commodity helped to make the price more firm than it showed itself at the close of last week. Ladie butter, the cream-

ery which has become strong, and is melted and reworked, was held at 23 cents a pound.

Northern fresh cheese came down 1/2 cent. This was due to the larger arrivals, and especially to the fact that all of the eastern and Oregon cheese are selling lower, making it necessary as a matter of competition to sell the northern fresh a trifle lower than has been the case in the last two weeks. Arrivals of cheese over Sunday were 5403 pounds.

Receipts of northern potatoes totaled just one car. Local arrivals were heavy on the other hand and Early Rose dropped to flat \$1.75 per hundred. This price holds only on the most fancy stock. Choice grades sell down to \$1.30. A car of the Early Rose was jobbed at \$1.45.

The expected advance in onions came yesterday. Bermudas were boosted to \$1 a crate and Silverskins sold at \$1.25, a rise of from 15 to 25 cents a crate.

Watermelons were cut down to a pound rate, selling at 4 cents. Cantaloupes were down to \$2.75, on standard crates. Specials sold at \$2. Black figs are beginning to arrive from the local fig orchards, and are bringing \$1 a box. Other fruit was practically unchanged.

Prices Current
EGGS—Fresh California ranch, candied, extra selects, 29; selects, 27; fresh ranch local case counts, buying price, 22 1/2; selling price, 24 1/2; northern candied, 25; northern case counts, 23; eastern candied, 25.

ARMSTRONG IS CHOSEN HEAD

Old Newport Rancher President of Drainage District Board

At a meeting held this morning in the offices of Attorneys Williams & Rutan, the board of directors of the newly formed Ielhi Drainage District elected A. T. Armstrong of Old Newport, president of the board. The election of a secretary was postponed until next Saturday when a

DAD BOOSTER SAYS:

"Every one is at heart a home trader but lots of folks have weak hearts. The spirit is willing but the flesh is weak."

All we ask of any trader is to compare the prices and qualities we offer before placing his or her order for anything we carry. The Wardrobe has been accused of being a little ahead of the town, but I think that is a good fault. This town isn't standing still and we are too busy to watch just how fast it is growing. If we ran a few laps behind you'd be sorry, and if we ran a few laps ahead we'll be glad because you'll be glad.

The School Bonds have carried, so you can now get busy on that graduation suit.

BEN THE BOOSTER, with

The Wardrobe
UTTLEY & MEAD
111 E. Fourth, Santa Ana

meeting will be held at 9 o'clock. The three directors, Jacob Manderscheid, D. J. Boyd and A. T. Armstrong, drew lots to determine who should have the long term on the board and who the two short terms. Manderscheid drew the long term, which ends in February, 1913. Boyd and Armstrong have the short terms, ending February, 1911.

Between today and the Saturday meeting, the three directors will make a trip over the entire drainage district, determine upon the best plan to be followed, secure estimates of cost, etc.

A. T. Armstrong, the president of the board, is one of the best known ranchers of this county. He has lived here since the early days, is progressive and has the full confidence of his constituents.

JERNIGAN NAMED BY COMMISSIONER

Creditors of C. N. Lacock Were Unable to Elect Trustee This Morning

There was a lively contest this morning before H. G. Ames, commissioner in bankruptcy, for the trusteeship of the business of C. N. Lacock, a bankrupt, of Orange. Walter Helwig came in with a majority of claims in number but not in amount. William Bassett had the claim of J. N. Bill & Co. of Los Angeles which gave him the majority in amount but not in number of claims. What that deadlock mong the creditors, Commissioner Ames appointed Samuel Jernigan of Orange, trustee. Jernigan will be put under a bond of \$250.

FATHER MEETS SON HALF WAY

Compromise Yesterday Ended Trial of Bauer, Jr., Against Bauer, Sr.

The differences of George Bauer, Jr., and George Bauer, Sr., are no longer in the courts. Yesterday afternoon, after half a day of trial, the litigants reached a settlement, and the case was dismissed.

The son was suing his father on a demand for wages. The son had been working at home for a number of years without any specific agreement as to wages, and while admitting that the son was entitled to something, the father did not believe the sum should be nearly as large as the son had demanded, \$2300.

A compromise arrangement was made. The father gave the son a half interest in some land at Anaheim and paid him \$500. The agreement was very near a splitting of the difference.

Tipton & Callor represented the son, and Richard Melrose and R. Y. Williams the father.

STATE MEETING OF THE ENDEAVORERS

Big Convention at Pasadena on June 29 Will Hear Notable Men

Christian Endeavorers from all over California are planning to attend "The Great" state convention, which convenes at Pasadena next Friday evening, June 25, and lasts until the following Tuesday, June 29.

Orange county expects to have about one hundred representatives in attendance, and all who can attend will be amply repaid. A special hotel, the La Pinterosca, has been secured for the Orange county delegation.

The convention is to be held in the First Presbyterian church, corner Colorado street and Madison avenue, and in addition to this magnificent structure a monster tent, seating 4000 persons, will be used for the evening meetings.

A few of the good thing in store for those who attend are addresses by Dr. John Willis Baer, secretary of the World's Union of Christian Endeavor; Dr. J. R. Pratt of New York, Dr. Elmore Harris of Toronto, Canada, Dr. L. A. McAfee of Berkeley, Rev. Horton and Rev. Hadden of the Los Angeles Bible Institute, beside many other speakers and leaders of national fame.

But the convention will be made one of conferences, more particularly than of addresses, the theme being "Personal Responsibility," and will be very helpful to the individual.

Orange county badges are now for sale at Dean's Drug Store for all who wish to get them before going to Pasadena.

FATHER OF MISS EMMA HAYLER PASSES AWAY

News reached here today from Miss Emma Hayler, late vice-principal in Third street school, that her father passed from life on the afternoon of June 20, at his home in San Diego. Mr. Hayler had been ill for some months and Miss Hayler has spent as much time with him as her school duties in Santa Ana would allow. Her many friends will sympathize deeply with her in the bereavement she has just sustained.

Dissolution of Partnership
—Notice is hereby given that Bates & Crawford, cement contractors, have dissolved partnership.

Fire Insurance

It will pay you before you insure your property to see me. I have none but solid, old, loss paying companies and write liberal policies at rates as low as any.

RIVERSIDE Y.M.C.A. AT NEWPORT BEACH

Probable That Athletic Contests With Redlands Boys Can be Arranged

Riverside Enterprise: This morning on the 8:25 Santa Fe a small number of the older Y. M. C. A. boys will leave for Newport Beach. They expect to be down a week and W. W. Wilson has kindly given them the use of a cottage for this time. The boys will be in charge of Secretary Hale, and J. F. Strunk, familiarly known to the boys as "Pop," will have charge of the commissary department. The purpose of this expedition, aside from the good time, is to get together a number of the older boys of the department who may be trusted to shoulder a good deal of responsibility and to talk over plans for next year with them.

The following boys compose the party: Percy Flagg, Clarence Fletcher, Howard Chambers, Wm. Kerrick, Max Kipf, Everett Mattoon, Charles Olney, Harold Freman, James Lin-

denberger and Walter Clark.

A number of Redlands Y. M. C. A. boys are already down at Newport and it is probable that numerous athletic contests will be arranged with them.

Late in the summer plans are being made for trips for the younger fellows. The regular encampment at Laguna will not take place this year on account of the activity and funds which are being expended on the new building.

A LIBERAL OFFER

—We are established right here where you live. Now, it stands to reason we would not dare make the claim that Rexall "93" Hair Tonic will cure dandruff, grow hair and prevent baldness, except we are positive it will do so. We ask you to try this remedy on our guarantee. Your money back if not satisfied. Two sizes, 50c and \$1.00. Dean's Drug Store, 104 W. Fourth St., Santa Ana, the Rexall Store.

—The Durocar is not an "advertised sensation," but a durable fact. Wm. F. Lutz Co.

APRICOTS

If you want good tough paper for your sulphur house, see our stock. We have it in three qualities. See us also for pruning knives and lunch boxes, scales, etc., etc.
